PROFESSIONAL SUMMARY

Full Stack Developer and M.Sc. student in E-Government (Web Science Track) at the University of Koblenz. Experienced in building scalable web applications and RESTful APIs using React.js, Node.js, and Python. Highly focused on clean code, software quality, and Test-Driven Development (TDD). Eager to leverage my full-stack expertise and cloud deployment experience to build impactful data solutions for the global energy transition. Actively seeking a remote Working Student Full Stack Development position.

TECHNICAL SKILLS

- **Languages:** Python (Django, Flask), JavaScript (React.js, Node.js, Express, TypeScript)), SQL, HTML5, CSS3
- **Data & AI:** Machine Learning, NLP, LLMs, Pandas, NumPy, Scikit-learn, Matplotlib, TensorFlow
- **Data Analysis & Visualization:** Microsoft Excel, Google Sheets, Power BI, Matplotlib
- **DevOps & Cloud:** Docker, AWS (EC2), Git, CI/CD, TDD, Nginx, Celery, Redis
- **Databases:** PostgreSQL, MySQL, SQLite, MongoDB

PROFESSIONAL EXPERIENCE

Backend Developer Intern | **Calvergy** – Aachen, Germany (Remote) *Dec 2025 – Feb 2026*

- Designed and implemented **scalable RESTful APIs** in **Python** and **Django** within an agile team, ensuring clean, maintainable code through **Test-Driven Development (TDD)** and collaborating on deployments using Docker and Git.
- **Optimized database schemas** and complex queries to streamline data extraction, reducing **data retrieval latency** by 20% for high-volume API endpoints.

Data Science Specialist Intern | Luminar Technolab – Kochi, India *Mar 2024 - Nov 2024*

- Analyzed **15,000+ operational and customer records** using predictive modeling and sentiment analysis (up to **92% accuracy**) to identify **revenue trends and performance indicators.**
- Built clear **Power BI dashboards** to visualize analytical findings and support **data-driven decision-making**, alongside managing AWS cloud deployments.

Software Developer Intern | Soft Solutions – Kochi, India *Feb 2020 - Aug 2020*

(Note: Proactively completed consecutive full-time internships to transition into tech during COVID-19 university admission delays, before starting my BCA).

- Developed scalable full-stack web solutions using **Python,** supporting **500+ daily active users** and ensuring **99.9% database** uptime.

- Conducted rigorous software testing and debugging, achieving **95% code coverage** and **reducing production bugs by 30%.**

Full-stack Developer Intern | LCC Computer Education – Aluva, India *Jul 2019 - Jan 2020*

- Built responsive frontend interfaces using React.js and Django, **reducing page load times by 40%** through optimized component rendering.
- Developed and integrated RESTful APIs using Django REST Framework (DRF), enabling seamless data communication between the React.js frontend and PostgreSQL database.

EDUCATION

M.Sc. in E-Government (Web Science Track) | University of Koblenz, Germany, Oct 2024 - Present (Expected Sep 2027)

- Focus Areas: Data Science, Network Analysis, Process Management (BPM), Public Sector Digitization.

Bachelor of Computer Applications (BCA) | Mahatma Gandhi University, Kottayam, India, *Nov 2020 - May 2023*

- Final Grade: **A (Top Tier)**
- Key Modules: Advanced Statistical Methods **(Grade: A+)**, Operations Research **(Grade: A).**

CERTIFICATIONS

Certified Data Scientist – National Council for Technology and Training (Nov 2024)
Certificate in Data Science (Python) – Luminar Technolab **(Grade: A+)**
Certificate in Python Full Stack Development – LCC Computer Education **(Grade: A+)**

KEY PROJECTS

- **EV Range Simulator** | **Live Demo** | **GitHub**
  - Developed a Full-stack ML application using **FastAPI** and **React** to predict electric vehicle range degradation.
  - Integrated an **XGBoost** model utilizing real-time environmental telemetry and geospatial data for high-accuracy predictions.
- **Freelance Technical Solutions**
  - Successfully delivered over 25 technical projects focused on data analysis and web development for global clients.
  - Maintained a 100% client satisfaction rate by consistently meeting strict deadlines and technical requirements.

LANGUAGES

- **English:** Full Professional Proficiency (C1)
- **German:** Limited Working Proficiency (B1)
- **Malayalam:** Native
